- Flat, smooth, finished wood surfaces such as doors and paneling

These surfaces are NOT recommended:

- Textured wallpaper
- Textured walls (speckled, orange peel, etc)
- Brick or concrete block
- Unpainted drywall
- Outdoor Walls
- Directly applied to vehicles
- Any other surface that is rough, textured, uneven or porous

Specific Application Instructions

- A. Clean the surface thoroughly and allow plenty of dry time. Do not use chemical cleaners!
- B. If your supplier sent the material rolled up, please lay the sheets out and allow 1 day for them to flatten out.
- C. Start at the top edge and work towards the bottom.
- D. If repositioning is necessary, please remove gently to reapply.
- E. After it is in proper position, squeegee out bubbles by working from center of graphic outward.
- F. Wipe entire graphic with soft, dry cloth to remove any dust or residue from application process.

FAQ's

What if it doesn't stick right?

If you tried to stick it on your car, bales of hay, around a tree, on the sidewalk, or on your girlfriend – well... you're on your own – this wall graphic is designed for clean, dry, flat wall surfaces. Have a dry, clean, flat wall you want it to stick on? Do that.

Will it damage my wall?

No. Wall Graphics are perfectly safe for walls. The special low-tack adhesive does not leave any residue and will not pull off paint so long as the paint is in good condition and isn't already peeling. It's even safe to put up over wallpaper provided that the wallpaper itself adheres properly to the wall.
